Dan – they addressed the comments. Are you ready to sign it (although they did not specifically add a space for you)? Would just need your approval to finalize the QA review.

Thanks.

**Subject:** FW: Final Air Monitoring, Sampling and QA/QC Plan

Diane,  
Please review the attached revised QA/QC plan for air monitoring/sampling at West Lake Landfill. You have already reviewed the draft of this plan in May of this year (R7QAO #2014143). There were a couple of changes EPA requested for the sampling frequency and VOC sampling method (Radiellos) since the first draft; ask Mike or Mike if there are any issues with those changes. Let me know if you need anything else from me to complete your review. As noted below, the appendices to the plan are in a separate e-mail from the PRPs and are quite large; I can put them on a CD if you need them.

Sincerely,  
Daniel R. Gravatt, PG  
US EPA Region 7 SUPR/MOKS

Phone (913) 551-7324

Principles and integrity are expensive, but they are among the very few things worth having.

**Subject:** Final Air Monitoring, Sampling and QA/QC Plan

Dan,

Attached is the Final, signed, Air Monitoring, Sampling and QA/QC Plan prepared by Auxier & Associates. The attached document includes changes in response to the comments you provided in your September 23, 2014 electronic mail as further modified during our discussions on October 7, 2014.

Due to the size of the files, we will be sending the Appendices separately to most but not all of the recipients of this e-mail. If you some of you do not receive the Appendices, and would like to have them, please reply to this e-mail and I will send them to you.

Thank-you and have a great weekend.
